

Aim

To write a Java program using **classes and objects** to display the details of farm animals such as cow, pig, and horse, including their **place of stay, food, and sound**.

Algorithm

1. Start the program.
2. Create a class named FarmAnimal.
3. Declare attributes name, stay, food, and sound.
4. Create a constructor to initialize these attributes.
5. Create a displayDetails() method to display animal information.
6. In the main() method, create objects for cow, pig, and horse.
7. Pass the required details through the constructor.
8. Call displayDetails() for each object.
9. Display the animal details.
10. Stop the program.

UML Diagram:

Code:

```
class Sample{
    String name;
    String stay;
    String food;
    String sound;

    // Constructor
    public Sample(String name, String stay, String food, String sound) {
        this.name = name;
        this.stay = stay;
        this.food = food;
        this.sound = sound;
    }

    // Method
    void displayDetails() {
        System.out.println("Animal Name : " + name);
        System.out.println("Stays    : " + stay);
        System.out.println("Eats    : " + food);
        System.out.println("Sound   : " + sound);
        System.out.println("-----");
    }
}

Public class FarmAnimal{

    public static void main(String[] args) {

        FarmAnimal cow = new FarmAnimal(
            "Cow", "Cowshed", "Grass", "Moo"
```

```
);
```

```
FarmAnimal pig = new FarmAnimal(  
    "Pig", "Pigsty", "Vegetables", "Oink"  
);
```

```
FarmAnimal horse = new FarmAnimal(  
    "Horse", "Stable", "Grass", "Neigh"  
);
```

```
cow.displayDetails();  
pig.displayDetails();  
horse.displayDetails();
```

```
}
```

```
}
```

Output:

```
PS C:\Users\Sahithi_pyla\Desktop\Sahithi_java> & 'C:\Program Files\Java  
es' '-cp' 'C:\Users\Sahithi_pyla\AppData\Roaming\Code\User\workspaceStor  
ecords\FarmAnimal'  
Animal Name : Cow  
Stays       : Cowshed  
Eats        : Grass  
Sound       : Moo  
Animal Name : Pig  
Stays       : Pigsty  
Eats        : Vegetables  
Sound       : Oink
